

Construction Boot Camp Opportunity

SRP Maintenance are a local property repair, development and maintenance company who are keen to offer opportunities to young people who have an interest in learning a trade...

They are offering a **4 week work experience programme to give young people a flavour of working in construction** with the hope that SRP can then identify suitable staff to employ at the end of the 4 weeks. There is an interview process to get onto the programme. No formal qualifications are needed however you will need to take a basic CV with you to the interview.

Various locations: Saffron Lane, Scraftoft, Coalville and Barwell.

Dates: The 4 week work experience is a rolling programme and therefore is ideal for the Summer holidays. It cannot be split (one day a week) but there is potential for 4 days work exp and one day at college if the your timetable allows it.

Tasks: The 4 weeks of work experience includes shadowing qualified members of staff and gaining an experience of:

- Building renovation
- Plumbing and Electrics
- Carpets and Laminate
- Bathrooms and Kitchens
- Plastering and Tiling
- Painting and Decorating

The placement also includes weekly appraisals on performance and progression and a written reference and certificate on completion of the work experience.

Progression: If you excel on your work experience then there are potential employment opportunities including apprenticeships.

SRP are happy to work with young people who have limited reading and writing including dyslexia. **The most important thing for SRP is that you have an aptitude and enthusiasm for the trades.**

Contact:

If your students are interested it is important that they call Sanjay Nair, SRP company director, to discuss the opportunity and arrange an interview. Call: 07989 389 218
